MAP AMENDMENT APPLICATION

Findings of Fact

The City of Waukegan Zoning Ordinance requires that the Planning and Zoning Commission take into consideration the factors listed below in making its recommendation to the City Council. As the applicant, you must demonstrate why the proposed map amendment is appropriate. The burden of proof for a map amendment rests with the applicant. Each of the questions below must be addressed as part of the application. If you do not believe a particular factor does not apply to the property in question, indicate "Not applicable" **and explain why it does not apply.**

1. Identify the existing uses of the properties within the general area of the property in question.
2. Identify the existing zoning classification of the properties within the general area of the property in question.
3. Describe how the proposed map amendment will not have an adverse effect on the value of adjacent properties. *Compare the value of the subject property and nearby properties under the current zoning to their potential value under the proposed zoning.*
4. Describe how the subject property cannot be reasonably used for any of the uses currently permitted under its current zoning classification. *(Physical and market conditions may be considered.)*
5. How long has the property been vacant, as presently zoned, in comparison to other properties in the area where this property is located? *(If a property has been vacant longer than other similar properties in the area, it may be an indicator that the existing zoning is inappropriate.)*
6. What is the trend of development, if any, in the general area of the property in question?
7. How does the proposed map amendment, and ultimately the use of the property, relate to the land use plan of the current City of Waukegan Comprehensive Plan?
